

Guides is a relaxed, welcoming space where you can have fun, learn and be yourself with good friends from 10 to 14 years old. Find out more about Guides [on our website](#).

What do Guides need?

Guides don't need anything in particular to get started – as long as they're in sensible clothes and shoes (think fun and active) then they can join straight away. Your Guide leader will talk to you in the first few weeks to organise things like uniform, once your child has settled in.

Girlguiding produces everything you'll need – comfy Guide uniform, a Guide handbook (which tells your child all about being a Guide), and a range of Guide accessories and resources to help her feel at home in guiding. You can find out where to buy these on page 2.

What does it cost to be a Guide?

All Girlguiding groups or 'units' charge subscriptions or 'subs' to cover unit running costs. These can be paid weekly, monthly or each term. There's also an annual subscription paid by all members that covers the day-to-day running of our charity and your local guiding area. This is sometimes included in subs.

Because all Girlguiding units are different, costs can vary. Your Guide leader will let you know the costs for your unit and when these can be paid. There's usually an extra charge for special activities, days out, residential events and holidays. Your Guide unit leader will share all the information you need about these in advance.

We try to make guiding affordable for all girls and there's help at hand if you can't meet the costs. If you're concerned about any of these costs, speak to your unit leader and she can tell you about ways we can help, including our grants.

Gift Aid

As Girlguiding is a charity, if you pay income tax we can use Gift Aid to claim an extra 25p for every £1 you give us, including your child's subs. So we'd really appreciate it if you could sign the Gift Aid form on p7: the extra money will go straight back to your child's unit.

What you should do to support your Guide and the volunteers at the unit?

All of our units are run by volunteers who give up their time to create an environment that empowers young members to be the best that they can be. The Girlguiding community treats everyone with respect and dignity and values the support that parents/carers can give to help to set positive examples. You can help and support your Guide and the volunteers at your unit by:

- Encouraging your Guide to get involved and bringing her along regularly to unit meetings.
- Letting your unit leader know in advance if the young member is unable to attend.
- Keeping your personal details up to date on the membership system ([GO](#)) and informing the unit leaders of any changes. This is to ensure your Guide's safety.
- Looking out for information and returning paperwork (such as consent forms) promptly.
- Making payments on time.
- Encouraging your Guide to understand and uphold the Girlguiding Promise.

Moving on from Guides

Once your child turns 14 years old, she can continue her Girlguiding journey in Rangers, for girls aged 14-18.

Or she could become a young leader with a local unit and grow her leadership skills while helping to inspire girls in Rainbows or Brownies.

When the time comes, your Guide leader can tell you everything you need to know and support you and your child to make the move.

Health information

To make sure your child is able to participate and enjoy a range of guiding opportunities during her membership, we ask that you complete the following health information. Any information that you give about a child's disabilities or health condition will be used to help volunteers make guiding more accessible for your child. We recommend that you speak to your unit leader about support and adjustments the unit can provide.

Please tell your leader if there is anything else happening in your Guide's life which will help our volunteers to support her and look after her safety.

Required field

<input type="checkbox"/>	Do you consider your child to be disabled or to have a health condition? This could include physical impairments, learning difficulties or disabilities, mental health difficulties, sensory impairments, or any other medical conditions including epilepsy, asthma and diabetes. If your child would benefit from adjustments in order to help her participate fully please also see our adjustment plans on our website .
Disabilities, health conditions or medication	

Note: There will always be at least one person at every unit meeting, activity or event with a valid first aid qualification. If you have any questions or concerns about this, please speak to the unit leader. Please label any medication with your child's name and provide clear instructions for its use. If applicable, ensure that a spare, clearly labelled inhaler or EpiPen is brought to the event to be held by the first aider.

Leaders: once completed, please ensure the information on pages 3,4 and 5 is recorded on GO. Paper copies should be securely destroyed.

Health information – continued

Unit meeting activities can often involve equipment, materials and food. So please add any allergies or dietary requirements here.

Photo preferences – required

We sometimes take photos and/or videos during our activities. Please let us know your preference for the way in which we can use photos of your child. **Choose one option only.**

<input type="checkbox"/> [a] 'Photos/videos can be shared and published and used for marketing – this means I am happy for photos, videos, storytelling and other visual and audio content of my child to be taken/collected, used for promotional and marketing purposes, published in public-facing media and shared within Girlguiding and with partners and local newspapers'.
<input type="checkbox"/> [b] 'Photo/videos can be used for unit use only – this means I am happy for photos, videos, storytelling and other visual and audio content of my child to be taken/collected, used as a record of unit activities, not published in any public-facing media and not shared outside the unit'. This may include unit specific social media channels (that are closed to the public).
<input type="checkbox"/> [c] 'Do not take photo/videos – this means I do not want photos, videos, storytelling and other visual and audio content featuring my child to be taken'.

Photo/video permissions differ for large scale events (where over 100 participants are present). Consent forms will state clearly if an event is large scale, and will request parents/carers to tell leaders if they don't wish photos/videos of their child to be taken at the event.

Communications

To deliver good quality guiding, local leaders will need to communicate with members or young member's parents/carers. We need to be able to tell you information about planned activities so that together we can participate in great local guiding. The unit leader may also need to contact you about any last minute changes to our plans. Please speak to your unit leader to find out more.

<input type="checkbox"/> I'm happy for my child's leader to save my telephone number on her personal mobile phone.
